J) B.O.P. Current – (Stack Qualification) Surface, Subsurface
K) Course – Drlg/Comp/Wo-Supv. – Exp date – 17/Jan/2010

OCCUPATIONAL HISTORY

I have been employed in the oil field since 1972. During this time I have progressed to rig superintendent and drilling supervisor. I have been in charge of drilling high pressure gas wells with depths to 23,000ft. also shallow oil and gas wells. My position has been installing platforms, drilling and completion of all wells on these platforms, including simultaneous operations on flowing platforms, these were all dual wells with 2 surface casing strings and offline cement jobs. I also have completion and production experience in running multiple packers and monobore completions. Drilling experience extends from straight holes to medium radius and long radius wells, for 8 years I worked drilling ERD, Horizontal and 3-D wells in India and Gulf of Thailand, also completion and testing of these wells ready for production. My experience extends to all types of down hole tools, LWD, MWD, motors, fishing tools and milling tools. 7 years prior I was drilling supervisor drilling turn key wells in Gulf of Mexico, Louisiana, Texas and, Oklahoma on Floaters, Jack-UP's, Tenders and, land rigs. I have been using computers for rig reports, records and, files during this time and have worked with several different reporting programs. Currently past 3 years working in Gulf of Mexico drilling deep sub salt wells in 8,000 + water depths w/ synthetic Base Mud of various company's. The past year working for Amerada Hess in Gabong West Africa offshore deep water drilling. Last 2 years Drilling Manager in charge of deep high pressure gas wells and shallow wells in East and South Texas.

CHRONOLOGICAL EMPLOYMENT

January 2005 to Present Block T Petroleum – Drilling Manager – In charge of Drilling Operations Shallow & Deep gas & oil wells.
